

# NORTHERN TRANSIT INTERLOCAL NEWSLETTER

May 2025

## Message from your Promotions Director

Hello NTI Family,

I wanted to take a moment to express my heartfelt gratitude for the incredible support we receive from our passengers, drivers, corporate and local donors, communities, and advertisers. You are all the reason NTI is such a valued transit service, and we couldn't achieve this without each and every one of you. As I approach my one-year anniversary with NTI, I feel immense pride in witnessing our growth and the exciting future opportunities we have to serve our communities. Stay tuned for our upcoming Passenger Appreciation Day this summer; we are thrilled to give back to those who make our mission possible!

**Kim Moore- Promotions Director**

Wednesdays.

## NTI April Recap

Our Promotions Director had the opportunity to get out and spread the word about how Northern Transit Interlocal supports our rural communities. She visited various locations including Benefis Health Systems, Great Falls Clinics, Cancer Center, Great Falls International Airport, and the communities of Browning, Cut Bank, Shelby, and Conrad. NTI provides a wide range of transportation services beyond just medical needs. We assist riders in getting from the airport to the border, the Amtrak Train station, and other transit connections, as well as to regular errand locations. At NTI, we are dedicated to strengthening our local communities because it's all about people helping people and fostering vital connections that are greatly needed. We are always looking at finding new ways to help improve and grow our transit. From expanding routes and working with other surrounding transits to expand our services. If you are interested in making a donation to support the transit please go on to:
